

East Allen County Schools  
Anti Bullying Pledge

I, \_\_\_\_\_ agree to do my part to stop bullying at our school. I believe that everybody has the right to enjoy our school equally, and feel safe and accepted regardless of race, color, gender, ability, popularity, intelligence, religion and nationality.

I know that bullying can include pushing, shoving, hitting, name calling, making fun of, laughing at, and excluding someone. I understand that bullying can also occur via computer, text message, or using other kinds of technology.

I understand that bullying can cause pain and worry to targets and that it is never excusable as “just joking around” or “just teasing”. I understand that no one deserves to be bullied.

**By signing this pledge, I agree to:**

**S**upport students who have been or are being bullied.

**T**alk to teachers and staff about incidents, concerns or issues related to bullying.

**A**lways treat everyone with respect, despite differences.

**N**ever stand by or join in.

**D**o something if I see or hear of bullying.

**U**nderstand that it is everyone’s job to stop bullying.

**P**rotect our school and community by taking a stand against bullying.

I will not just stand by, I will stand up.
