## DID YOU KNOW?

Do you know how many miles the buses in East Allen County Schools travel each day?

Answer: 9400 miles

## CONSTRUCTION UPDATES:

### Cedarville Elementary School - Addition

The first course of block on the foundations/footing for the floor slab and masonry walls has begun along with preparing for the pouring of the concrete slabs. Work has begun on the install of the underground sanitary lines and the underground electrical rough-ins.

### Leo Elementary School - Additions/Renovations

Site work began on the east side of the building for the cafeteria expansion.

### New Haven High School - Renovations/Additions

One can start to see the exterior of the additions on the east side of the building as the exterior foundations have been laid. The opening for the temporary entrance into the building has been created. This temporary front entrance is directly to the west of the main entrance which goes through a locker room and then into the main hallway.

### Southwick Elementary School - Renovations/Additions

The contractor has begun filling the building pad to subgrade for the slab and footings/foundations are being installed for the classroom additions. Work has begun on the new drive. The plumbing and electrical work from the switchgear has begun.
