

1. For teachers in grades 4-12: District Expectations for the use of Canvas in March are to create 4 or more Schoolwork assignments, and have Discussions for each group. Post weekly lesson plans in calendar. **For teachers in grades K-3:** District Expectations for the use of Canvas in March are to create 2 or more school-based Discussions for group. Continue creating assignments or quizzes. Put student materials into Pages for student and parent access. Continue posting weekly news letters in Calendar.

2. For all teachers: [The Apple Distinguished Educator Program](#) has now been around for 23 years, and since 1994, Apple's Apple Distinguished Educators program recognizes K-12 and higher-education pioneers who are using Apple technology to transform teaching and learning. These are the educators who are looking to change the world. They are active leaders from around the world helping other educators rethink what's possible with iPad and Mac to make learning deeply personal for every student. It is a free program, and you can apply today at this link: [The Apple Distinguished Educator Program](#).

3. For all ELA, Literature, Science, and Social Studies Teachers, or any reading teacher: Do you know about [ActivelyLearn?](#) [ActivelyLearn.com](#) is a website that is device agnostic (working on all devices) that motivates and engages students by providing a purpose, asking questions to stop and reflect, and motivating students engage and collaborate complex text. EACS students and Look for a tutorial coming soon on please contact your Tech Coach

Actively Learn

students by providing a purpose, asking questions peer discussions. With Actively Learn, you help more, which helps them persevere through a staff simply use their Google sign in to the site. [EACS Teacher Professional Development](#) and with further questions.

4. For all High School ACT preppers, both students and teachers: Do you know how to ACT Up? Free in the App Store here, [ACT Up: ACT Prep mobile App](#) is a 4+ rated free app designed to get rid of ACT prep materials and prepare students with delightful interaction, regimented practice, and adaptive feedback, leading up to the ACT test. A special thanks to Jennifer Sholl for this one.

5. For all Teachers K-12: Do you have a need to create Infographics or have students create Infographics as part of a project or activity? Two free 4+ rated apps would work great for Infographics: [Photo Collage Maker](#) or [Typorama](#) both free in the App Store, are easy to use image creators that allow you to adjust, crop, and alter pictures, as well as add text onto the pictures for photo collages and Infographics.

6. Fun technology fact: Will HD TVs ever get paper-thin? Well, they are already credit-card thin. Watch the video here: (audio in Japanese) [LG's Wallpaper TV](#). From intense color and stunning contrast, to an innovative wallpaper OLED that lets you 'peel and stick' the display to your wall with a magnetic mat, appliance company LG's OLED TVs allows you to view television like never before with a bendable, credit-card thin TV. Startlingly expensive: the 65" version starts at around \$7,000. A special thanks to Mary Jones for this one.
