

JV Gets Frustrated Against Cambridge

By Kaycie Clapp

The Golden Plains High School JV Volleyball team played a good game against Cambridge on Septemeber 28. The scores weren't that far apart, the first match was Golden Plains with 15 and Cambridge with 25, and the second match was Golden Plains 18- and Cambridge with 25. "The girls played good," said Maddy Walz, sophomore. "They would have played better if they would have stayed down, went for the ball, and if they would of talked as a team.

"The girls had a long week," said Coach Ashley Arnberger. "The girls are pulling things together and they have come a long way". "We kind of struggled to work as a team," added Jessica Koerperich, freshman. "We can fix that if we talk way more."

The JV girls have all realized what they need to do from their past games and they are all working on correcting their errors for future games to help them be read to step up to the varsity level next season.
