## **School Accountability Report Card**

### **Reported Using Data from the 2019-2020 School Year**

#### **Published During 2020-2021**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### School Description and Mission Statement (School Year 2020-2021)

Caswell Elementary School, a Transitional Kindergarten-6 elementary school, is located in the heart of California's San Joaquin Valley and is surrounded by the suburban community of Ceres. Caswell is transitioning to a Dual Immersion School with the target language of Spanish. Our kindergarten through second grade classes are currently the only grade levels with this program. The school, which was built in 1949, has undergone renovation. It is on a traditional attendance track. Caswell has approximately 527 students. Over 92.0% of our student body was on free or reduced lunch. About 55% of the students enrolled were designated second language learners, Spanish being the majority language. Speech, language development, adaptive PE, and resource programs are provided as part of the Special Education Services. Supplemental programs are offered to students who are experiencing difficulty meeting state proficiency targets. Interventions include the following: Power Hour, Reading Foundational Skills Intervention, After School Academic Intervention Program (AIP), after school migrant education classes, After School Education and Safety (ASES), and EL tutoring groups.

Caswell's Mission; We ensure high levels of learning for ALL students. Our Vision: Our school is built to foster healthy relationships, for the purpose of student learning. Our students and their learning needs are our number one priority. Caswell is designed to accommodate the learning needs of ALL of our students. We have structures and systems that are flexible, in order to achieve our mission. Each staff member is on a high performing collaborative team that has norms, SMART goals, a guaranteed and viable curriculum, common formative assessments, and interventions. Our students' results are celebrated and they are excited about their learning. Supplemental programs include the following: After School Academic Intervention Program and summer school. Extra curricular activities include chorus, music, beginning/advanced band, and serving on the Student Council. Our school-wide reward system, involving PBIS includes Student of the Month, ROAR expectations, and assemblies for academic achievement and good behavior. Furthermore, an afternoon enrichment program (ASES) is available daily that is open to all Grades K-6 students.

## Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: 2020/08

The school district held a public hearing on September 17, 2020, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

The table displays information collected in August, 2020 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

## School Facility Conditions and Planned Improvements

The campus is well maintained and the staff, students, and families take pride in their clean and safe campus. Caswell is an older site so a strict maintenance plan is extremely critical to the upkeep of the school. Mature trees create a pleasant park like atmosphere and are well maintained as are the many lawns and large field in the rear of the school. All staff are trained and instructed to report all safety hazards immediately. The facility is evaluated on a regular basis by both site administration and district personnel. Overall the site looked well maintained. Custodian and his team are commended for several areas at the site. The grounds were well pruned and mowed, the restrooms were very clean, overall the Library was clean, and there were minimal chemical issues. This year the site earns a 9 out of 10. Continue to work together to get the site in top shape.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## School Safety Plan (School Year 2020-2021)

The staff and administration at Caswell Elementary School are committed to providing a safe and secure environment for students and employees. Our Safe School Plan is designed to assist staff and students in preparing for emergencies, managing emergency response efforts, and maintaining a safe school environment. Additionally, it will assist our school in providing a safe and civil learning environment. This plan was developed in compliance with California Code of Regulations, Title V, Education, Section 560 and is based on input from administrators, teachers, paraprofessionals, clerical staff, custodians, and other staff, parents, students, and law enforcement representatives. The major goal of this plan is to assist our school site in preparing for the potential of emergency situations. Our school continually strives to develop a comprehensive program, including ways to develop a culture that promotes responsibility, safety, respect, and opportunity for all. Our school is working work with staff, students, and parents to create a Safe and Civil school, which demonstrates our Guidelines for Success. We are using PBIS to promote this goal. It encompasses being positive, responsible, respectful, compassionate, always exhibiting integrity and pursuing excellence through meeting challenges. Areas that address school-wide encouragement procedures continue to be reexamined and updated.

We are aware that one of the aspects of a safe school environment is the quality of the security and maintenance of the school grounds. The safety and appearance of the school grounds are likely to make an immediate impression on students, parents, and the community. That is why we continue to work hard to create an environment that is inviting and promotes safety, pride, sense of ownership, and freedom from fear. Providing a safe environment allows us to nurture in each student, the desire to contribute and to make meaning out of life. Staff and students need to feel adequately prepared to deal with natural disasters, medical emergencies, and student behavior emergencies. Caswell's county annual fire inspection was conducted on October 6, 2020. There were zero violations reported.

### Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	14	15	15

In the 2018-2019 school year, the school site had 5 professional development days and 9 collaboration/early release days. Additionally, in the 2019-2020 school year, the school site has planned 10 collaboration/early release days and 5 professional development days. Lastly, in the 2020-2021 school year, the school site 10 collaboration/ and release days in addition to its 5 professional development days.

Staff development is a critical component to teacher and student success, and Ceres Unified School District is dedicated to a variety of professional development opportunities for staff. Teachers attend grade level and staff meetings where professional development and staff collaboration on student achievement are the highest priorities.

Caswell utilizes research based "best practices" through the implementation of the CUSD Instructional Norms and the Ceres Certification of Direct Instruction process. Teachers work in collaborative teams to share lessons and best practices, examine data to learn how students are learning, and make plans to address the needs of the students that haven't learned and celebrate our successes. Teachers have attended various workshops to support this work. The staff has also studied research and implemented practices from Professional Learning Communities research and Dual Immersion research.

The district participates in Ceres Induction Program and other county and state approved formal training programs dedicated to improving teacher quality. In addition, the district fully supports classroom teachers with a cadre of full time staff developer/coaches who can assist with the implementation of curriculum and strategies.

School sites must include a professional development plan and budget in their school site plan. Activities can include attendance at summer institutes, after school or Saturday workshops, teacher release days to attend conferences, and grade level or department release days for in depth professional development. All professional development is aligned to the district strategic plan. The goal of all professional development is to increase student achievement.
