

Salem City School District Child Study Team

Director: Dr. Meghan Taylor
205 Walnut Street
Salem, NJ 08079

Project Child Find

Salem City School District is taking part in **Project Child Find**, a statewide program to locate and provide services for those children between the ages of 3-5 who may have developmental delays and/or disabilities.

Do you have or know a child three to five years of age that is experiencing difficulty in one or more of the following areas?

- communicating his/her ideas
- understanding simple directions
- seeing or hearing
- walking or running
- manipulating objects
- behavior

Professional guidance, evaluations, and educational programs are all available free of charge through your school district. For more information, please call the Salem City School District Child Study Team at (856) 935-3800 x4250.

*Note: there are also services available for children with special needs from birth to age 3. These services are provided through the NJ State Early Intervention system. They can be reached at 1-888-653-4463.

For more information related to Project Child Find please visit the New Jersey Department of Education website at:
