Cell Phone Expectations

Be Mature and use this powerful computer correctly! Have phone "Down and Away"--The student phone is either on the desk, face down, or away in a backpack or pocket. Cell phone volume is to be off. Teachers may ask that cell phones be put away at any time. Students that refuse to comply are subject to administrative intervention and discipline. Repeat offenders will have parents contacted and may serve other disciplinary consequences depending on the issue. Please let your teacher know if you are expecting an important message, as adults we make that known to necessary people, instead of violating the expectation and providing an excuse afterwards.
